MINI PRO

Introducing the new Mini Pro Ice Shaver. The Snowie 1000 has been upgraded! Same great quality as the Cube Pro but with a smaller footprint. An easy to use shaver that is perfect for those smaller events or adding onto your existing menu.

CUBE PRO

For the best in shaved ice, the Snowie Cube Pro Ice Shaver is in a class by itself. This is simply the quietest, fastest, most reliable, and easy-to-use ice shaver ever produced! Just pour in the ice, step on the pedal, and out comes a snow that truly rivals Mother Nature's own. It can produce up to 12 cups per minute, keeping your line moving.

BLOCK PRO

After years of research and design, Snowie is proud to have the best Block Shaver ever built. No shaver on the market comes close to the speed and ease of Snowie's ice shavers and the Snowie Block Pro is no exception. The Snowie Block Pro Ice Shaver features easy to load & unload vertical ice shaving with a small footprint so you don't sacrifice valuable counter space. It is equipped with our signature snow shaper and snow catch.
